STATE VENDOR FILE ENTRY TROUBLESHOOTING TIPS

I Cannot Enter My Address

- If C&PE does not prompt you to enter address information, but instead displays an address, this indicates you are already on our vendor database even though you have not registered on C&PE. If the address is correct, continue to complete the registration. You will be unable to make changes to the address. If the address is incorrect, submit a letter, on business letterhead if possible, explaining the address changes needed. The information can be sent by fax or mail to the OFM Help Desk. (See Information Below)

I Forgot My User ID and/or Password

- If you have forgotten your User ID or password, click on the applicable link below the box used to enter your User ID or password. Once created, the User ID remains the same so if you request your User ID, you will be mailed a copy of the User ID you created the first time you visited C&PE.

To request a password you must know your User ID. If you request a password, a new password will be generated and mailed to you. Refrain from accessing C&PE again until you have received your password in the mail, because you could accidentally inactivate your password. For security reasons, we cannot provide the User ID or password over the phone or through email.

If you do not have access to the internet, including a local library, please indicate that by signing the certification below stating that you do not have access.

This is to certify that I, _____, do not have access to the internet and therefore cannot sign up for EFT payments.
