## WAIB MENTORING IN INTERNATIONAL BUSINESS

Women in Academy of International Business (WAIB) recognizes the importance of mentoring for effective career development and professional integration.

WAIB proposes a mentoring process to offer one-on-one mentoring, linkage female junior faculty and doctoral students with senior women faculty and administrators, as a way to increase the number of women who specialize in international business studies education, research and administration.

### How the WAIB Mentor Initiative Works

The WAIB Mentor Initiative aims to connect scholars and professionals seeking advice, support, and guidance with volunteer mentors in the international business discipline.

### The Matching Process

As a mentor and mentee, you will be asked to provide contact information and a short bio, along with the type of mentoring you are willing to provide or receive.

Then WAIB will match you who best reflects of your choice. WAIB will provide your contact information to the potential mentee, so she can contact you directly.
