Interested in studying abroad in Israel but have some questions? If you are considering the MSU Jewish Studies Summer Program at Hebrew University or the Nature, Culture and Environmental Issues in a Green Israel Program, **Professors Yael Aronoff and Eric Aronoff are hosting an information session** where they will be able to tell you more about the study abroads and answer all of your questions.

The **MSU Jewish Studies Summer Program at Hebrew University** consists of two courses, one on the Emergence of the Modern State of Israel and the other on Israeli Politics, Cultures and Society. In the **Nature, Culture, and Environmental Issues in a Green Israel Program**, students will visit and work in specific projects engaging issues of environmental policy and natural resource management, and will examine the intersection of culture, politics and the environment. **\$3,000 Levy Scholarships are readily available for those who have at least a 3.0 GPA. Those who participate in both programs are eligible for a \$4,000 Levy Scholarship.**

If you have more questions, please email Dr. Yael Aronoff, aronoffy@msu.edu for the MSU Jewish Studies Summer Program at Hebrew University or Dr. Eric Aronoff, aronoffe@msu.edu, for the Nature, Culture and Environmental Issues in a Green Israel Program.
