

Finding solutions in a complex world

Job Title: Full-Time Seasonal Ecologist/Field Technician
Location: Brighton, MI
Closing Date: March 21, 2019

Niswander Environmental, LLC is a consulting firm based in Brighton, MI that specializes in ecological services. We are the only wetland design/build consulting firm in Michigan that also provides environmental solutions for municipalities, non-profit organizations, utility companies, developers, and transportation agencies. Our core services include wetland and stream restoration (design and construction), invasive species control, wetland mitigation banking, wetland delineations and permitting, T&E surveys, tree surveys, Floristic Quality Assessments, open space planning, green infrastructure, restoration services (seeding and planting, prescribed burns, etc), and GIS. Our staff holds certifications as: Professional Wetland Scientists, Natural Shoreline Certified Professionals, LEED AP®, Certified Arborists, MDA Nursery Stock Dealer, Stormwater Operators, Certified Pesticide Applicators, and State of Michigan Threatened & Endangered Species Permit Holders.

Niswander Environmental is currently seeking seasonal Field Technicians and/or Ecologists in our Brighton, MI office to join our growing team. Qualified applicants should have experience in two or more of the following: habitat restoration, invasive species control, stream assessment, green infrastructure design, wetland delineation, permitting, AutoCad, GIS, equipment repair and maintenance, and construction management. A minimum of 6 months of relevant experience is preferred, and the applicant must possess or be willing to obtain a Certified Pesticide Applicators license upon employment. The open positions are considered seasonal/temporary at this time, with the possibility for full-time (permanent) employment.

The applicant needs to be self-motivated, enjoy working outdoors, and have excellent writing and communication skills. The position will require limited travel within the state, including occasional overnight trips, and some assignments will require physical labor and long days (tree planting, invasive species management, and prescribed burns).

Please provide a resume with contact information to Drew Walterhouse at the following email address: dwalter@niswander-env.com. More information about Niswander Environmental can be found at www.niswander-env.com. Niswander Environmental is an Equal Opportunity Employer.
