Conference Theme

***Responsiveness in Business Environments:
New Ways to Thrive***

Submission Deadline: June 1, 2022

AIB-SE announces its 2022 annual conference with the theme: *Responsiveness in Business Environments: New Ways to Thrive*. The past two years have been extraordinary in the field of international business and for the AIB-SE chapter. The pandemic has driven sweeping changes in the virtual provision of services as well as in supply chain management. Consumers have grown accustomed to virtual, or home, delivery of goods and services. They have more ways than ever to pay bills, make appointments, and visit with service providers. Employees are demanding the option to work from home and are increasingly leaving organizations that are not flexible. Organizations that incorporate responsiveness as a part of their strategies can better react to the new environments, have a stronger chance of thriving by changing their internal environments to address the emerging new external business environments. But what makes a global company responsive to the changing environments? What are the characteristics of a responsive global company? This

is the focus of our 2022 conference.

This year's conference takes place in Panama City Beach, FL, in cooperation with Florida State University. Panama City Beach has a long tradition in retail, health care, and tourism. It has the world's most beautiful, sugar sand beaches, which makes it one of the most famous tourist attractions in Florida, an unparalleled vacation destination.

AIB-SE (<https://us-se.aib.world>) is one of the largest and most active regional divisions of the Academy of International Business's eighteen worldwide chapters. AIB-SE's annual conference centers on the presentation of the newest ideas in international business to a global audience of academic scholars and business practitioners. The conference is characterized by a strong professional focus, providing participants with a supportive and collegial platform to discuss and develop their ideas, as well as opportunity for mentoring of authors to enhance their papers for publication. Over the past five years, AIB-SE has experienced significant transformation and growth becoming a reputable academic meeting of choice for around 250 participants from around the globe.

For up-to-date information about the conference, please see the conference website at <https://us-se.aib.world/>. Questions regarding this call for papers should be addressed to the appropriate Track Chairs or to the Program Chair.

- 1) **Competitive Sessions** – Submissions of fully developed papers are appropriate for consideration for competitive sessions. Competitive papers must be fewer than 10,000 words inclusive of all materials, including appendices and references.
- 2) **Interactive Sessions** – Shorter manuscripts or work-in-progress pieces that could benefit from informal feedback from other participants are appropriate for submission to interactive sessions. These sessions are held in roundtable discussion format that allows for interaction with other researchers with similar interests. Interactive papers should be 2,500 to no more than 5,000 words.

Please note that submitting a manuscript as a competitive paper does not necessarily mean it will end up in a competitive session. The best papers in each track will be placed into competitive sessions. Lesser-developed papers will be placed in interactive sessions. The number of competitive papers we can accept for the conference is limited. Therefore, fully-developed papers, on occasion, may be placed in interactives session due to space constraints.

- 3) **Special Topic/Panel Sessions** – We invite special topic/panel sessions, which can be in a variety of formats. Proposals for special sessions should describe the topic, session format, and its importance to international business research or education and identify all individuals (with their qualifications) who will formally participate. Panel proposals should be limited to no more than 5,000 words. Selection of special topics/ panel sessions will be limited and according to the quality of the panel, and currency of the topic. The panel sessions are also used for new topics that are important in the current IB environment where in-depth research is yet to be conducted.
