

# **Julian Samora Research Institute - JSRI Michigan Food & Farming Systems – MIFFS**

Invite you to an In Person and Virtual Workshop

## **Reducing Farm Risk**

This workshop will explain the difference between risk and uncertainty and describe risk-reducing opportunities. Then participants will gain experience-reducing risk in a game-like setting where insurance is available for reducing risk. At the end of the workshop, participants will better understand opportunities for reducing risk and acquire some experience reducing risk in a game-like setting.

Date: June 16, 2022

Time: 6:00 pm to 8:00 pm.

Place: Lake Michigan College – South Haven Campus

Virtual Workshop will be at the same time via Zoom.
