

Faculty Positions

Carlson School of Management Work and Organizations Department

The Department of Work and Organizations in the Carlson School of Management at the University of Minnesota invites applications for two tenure-track assistant professor positions, one in organizational behavior/human resources, and another in labor economics, stratification economics, or industrial relations.

The Work and Organizations faculty value intellectual and disciplinary diversity, collaboration, rigorous and inspiring research, strong scholarly ethics, and mutual respect. We seek an extraordinary colleague who will publish world-class scholarly research, effectively teach business-school courses at the undergraduate, master's and doctoral levels, and actively develop doctoral students.

We encourage candidates who are building research and teaching portfolios on issues broadly related to inequality and diversity, equity, and inclusion (DEI), including individual workplace experiences of inequality, social class/socio-economic status and power dynamics, organizational, social, and institutional policy around DEI, the economics of labor inequality, labor market discrimination, or stratification and collective, worker-centric approaches to redressing inequality (e.g., policy and institutions) as we have particular teaching needs in courses on race, power, and justice in business, and on diversity, equity and inclusion. However, the department also delivers a variety of courses on human resources, management, organizational behavior, and leadership as well as on work and employment issues including labor relations and compensation, so applicants with broader research and teaching interests are also welcome to apply. In line with our department's values and multi-disciplinary composition, we welcome applicants with a Ph.D. from a variety of disciplines including economics, industrial relations, and sociology, and who use a variety of methods (e.g., quantitative, qualitative, field-based, and/or lab-based).

Applicants must have a Ph.D. by August 2023 and should have a scholarly research record and teaching experience appropriate to their career stage. Recent graduates are also encouraged to apply. Successful applicants will be expected to contribute to the service needs of a vibrant department, college, and university, as well as to interact with the professional business communities. The appointment will begin August 2023 at the rank of tenure-track Assistant Professor.

Basic qualifications

Ph.D. (or equivalent international degree) or enrolled in Ph.D. or equivalent international degree-granting program at the time of application.

Preferred qualifications

Preference will be given to scholars who have demonstrated evidence of research accomplishment and the potential to make significant future research contributions. Teaching experience and excellence is expected. Individuals must be committed to contributing to the service needs of the department, school, and profession, including mentoring and publishing with Ph.D. students. We strongly value collegiality and will be looking for a faculty member who will engage in contributing to the intellectual climate in the department through both their own independent scholarship and interacting and collaborating with others.

Application Process and Materials

Applications must be submitted online. To be considered for this position, please click the Apply button and follow the instructions. Applications must include:

1. A cover letter
2. At least one working or published paper
3. CV
4. Three letters of recommendation

The positions will remain open until filled.

To request an accommodation during the application process, please e-mail employ@umn.edu or call (612) 624-UOHR (8647).

The Carlson School of Management & University of Minnesota

With a flagship campus in the heart of the Twin Cities, 65,000 students, 25,000 employees, and 400,000 alumni, the University of Minnesota is one of the largest and most highly ranked public institutions in the world. The Carlson School contributes to the University's goal to become one of the top three public research universities in the world through breakthrough research, extraordinary education, and dynamic public engagement. The Carlson School employs 140 tenured/tenure track and professional faculty and enrolls 5,000 students in degree programs at all levels (B.S.B., MBA, M.A., and Ph.D.). The faculty regularly collaborates with faculty from other top departments across the University including applied economics, economics, public health, sociology, public policy, psychology, and law.

Overlooking the scenic Mississippi River and downtown Minneapolis skyline, the Carlson School is at the epicenter of a vibrant, economically diverse, globally oriented business environment. The Twin Cities boasts 19 *Fortune* 500 companies, including Target, Best Buy, 3M, General Mills, U.S. Bancorp, Medtronic, Ameriprise Financial, and UnitedHealth Group. In fact, Minnesota has the highest number of *Fortune* 500 companies per capita in the country.

The Twin Cities of Minneapolis & St. Paul

The Twin Cities of Minneapolis and St. Paul are rated among the best metropolitan areas to live; our thriving and dynamic metro area is consistently listed at or near the top of various national rankings. Recognized as one of the nation's more culturally affluent metro areas, the Twin Cities' world-class museums, galleries, and theaters continue to win national awards every year. For outdoor enthusiasts, Minnesota's system of parks and trails offers abundant opportunities for year-round recreation.
