

# Call for Book Chapters!

## Advancing Sustainable Development in the Age of Technologies

This collected work is an attempt to highlight the sustainable development strategies and pathways that will be ushered in by disruptive technologies. The book will highlight the interplay between various disruptive technologies such as Artificial Intelligence, Blockchain, Cloud Computing, Digital Twins, Big Data Analytics, Autonomous Robots and Sustainable Development, to name a few. As the business environment is highly dynamic, there is an urgent need to catch up with the paradigm shift being created by the use of digital technologies

### We are calling for book chapters that relate to these main themes:

- Evolution of disruptive technologies
- Paradigm shifts in sustainability
- Linkages between digital technologies and sustainability
- Holistic, Societal, and Industrial Development in the Age of Digital Technologies
- Resilience and sustainable development
- Digital technologies, SDGs, and the grand societal challenges
- Multi-disciplinary approaches in addressing sustainability challenges.

### The conceptual and methodological issues that form the basis of this book are as follows:

The world is changing at an unprecedented pace and organizations worldwide are finding it difficult in matching the operational efficiency with the sustainable development goals. There is a massive scarcity of resources and the global supply chains are under immense pressure which leads to unequal distribution of resources leading to grand societal challenges. Moreover, sustainable development across all three social, economic, and environmental dimensions suffers. Therefore, this book will highlight how various disruptive technologies aid in the sustainable development and proposes possible strategies which will help in tackling the grand societal challenges for creating a better world.

Abstracts and inquiries should be sent to  
Dr Rohit Sharma: [rohitsharma@uowdubai.ac.ae](mailto:rohitsharma@uowdubai.ac.ae), Dr Ashish Gupta: [ashishgupta@iift.edu](mailto:ashishgupta@iift.edu) or Dr Anjali Shishodia: [anjali.shishodia@thapar.edu](mailto:anjali.shishodia@thapar.edu).

**The deadline for abstract submission is 5 October 2022.**

**Chapter word limit: 5000-6000 words.**
