General Information about our PhD Program:

Our five-year, fully-funded doctoral program prepares students to engage in high-quality research and pursue careers as faculty members at top academic research institutions. It offers a balance of core courses and doctoral seminar electives, which allows students to tailor their program to their specific interests. It also emphasizes close faculty-student engagement on research projects. Our students regularly present their research at prestigious conferences and publish in top academic journals. Students in our program receive tuition remission, a generous stipend for five years, health insurance, and access to research funds. We foster a cohesive environment through the [Doctoral Student Association](#), which is dedicated to providing a sense of community and a support network for doctoral students.

Acceptance to our PhD program is highly competitive. We look for strong academic backgrounds as well as the initiative and intellectual curiosity to break new ground. For more information on our program, please see our program overview.

About our Faculty:

GWSB's International Business programs are consistently ranked among the top programs (in the [US News and World Report rankings](#), for example). The [department faculty](#) regularly publish in top journals and university presses. Many of our faculty serve in editorial roles, receive external grants and serve in elected leadership positions on the organizing committees for major conferences in our field. Our program emphasizes close faculty-student engagement on research projects.

We hope to see you at one of our Virtual Open Houses on either Tuesday December 13th from 6-7pm EST or Friday December 16th from 9-10am EST.
