AIB SOUTH ASIA CONFERENCE 2023

It is the annual conference of the South Asia Chapter of the Academy of International Business (AIB). The conference provides AIB members in the region (Bangladesh, Bhutan, India, Maldives, Nepal and Sri Lanka) opportunities to exchange ideas, present their research, and create professional contacts. Jindal Global Business School and Jindal School of Banking & Finance at O. P. Jindal Global University are glad to host this conference. The conference theme is Environment Sustainability and Governance Issues in International Business and Trade, along with the following sub-themes:

- Approach of MNEs toward environmental sustainability and governance
- Environment sustainability and governance in South Asia and other developing countries
- Impact of sustainability and governance on Global Supply Chain, International Finance and Accounting, International Marketing, International Taxation, and International Arbitration
- Role of emerging technologies and preparedness of the industry in responding to resilience, environmental sustainability and governance issues
- Public policy such as the national guidelines for responsible business conduct

In addition to the above conference theme, we encourage high-quality submissions on the core topics in International Business in the following tracks:

1. Global strategies and internationalization
2. International entrepreneurship
3. Global operations, value chains and supplier networks
4. Role of state, institutions, and business policy
5. Knowledge, learning, and innovation
6. Diaspora effects and cross-cultural management
7. Emerging markets and emerging market MNEs
8. International finance, accounting, and corporate governance
9. International marketing and consumer behavior
10. International HRM and global leadership

BEST PAPER AWARDS

Best Paper Awards: Top research papers presented for each track at the conference will be considered for the "Best Paper" award.

Doctoral Student Awards: The conference also aims to contribute towards a transformative journey for a doctoral scholar, who will learn the nuances of a research journey and receive feedback on their research and publications. The top three doctoral scholars' research papers presented at the conference will be considered for the "Best Doctoral Paper" award.

CONFERENCE THEME

The impact of industrialization on the environment and biodiversity has long been a concern. The critical question of who bears the environmental conservation cost continues to be debated between the developed and the developing economies. Amidst these pressing concerns, the policymakers and international business communities are prioritizing the need to understand the challenges of the new world order. There has been an increased concern to understand the impact on human lives, and crafting suitable solutions for a better world to be inherited by future generations.
